# OCTOBER 2020 SUPPLEMENT

---

## Sefton IAM

Regarding the article on Sefton IAM in the October Newsletter, I have just been informed by the Chairman of South Lancashire Advanced Motorists (SLAM), our own Doug Nowell, that all IAM advanced rider training in the Covid 3 areas has been suspended by the Governing body of the IAM at least until the level 3 is reduced. Therefore, Sefton IAM will have to follow other groups in those areas and suspend further training.

MBEAM, which operates mainly in Cumbria, may not yet be affected because they are not under the level 3, yet.

Please keep them all in mind for when the level is relaxed because NWBB Lancs & Lakes strongly and actively encourages riders to enhance their safe riding.

**STAY SAFE AND PROTECT OTHERS**
